

LIANNA KLASSEN BIO 2011

Lianna Klassen is an award winning, Canadian Christian Celtic/world influenced artist, based out of Montreal, Quebec. A Juno Nominee and CGMA award winner, Lianna has released 7 albums and 1 EP.

She has a skill in gathering sounds and styles from around the world and forging them together into something that is memorable, radiant and inspiring. Lianna has had opportunity to minister around the world and is known as one who portrays deep truth and emotion through her music. She has a heartfelt desire to see the church rise up to their full potential in creative worship. Early in her ministry and musical journey, God brought her into more of an awareness of the many wonderful and diverse sounds and drumbeats that He has created for His glory in the nations. She began to incorporate this diversity into her writing and musical style. Her 7 recordings are a direct result of this vision with their Celtic and world worship overtones. Her "Song For Canada" has become a treasured prayer for thousands across Canada.

Her latest recording, "Songs of the Journey – The Story Goes On..." is an intimate folk album, that still has her signature Celtic undertones.
